Client Name: _____ Client ID: _____

Dynamic Positioning Ankle-Foot Orthosis Questionnaire

Questions 1 or 2 must be yes to qualify.

- 1) Does the client have Planter Flexion contracture of the ankle with dorsiflexion on passive range of motion testing of at least 10 degrees, and reasonable expectation of the ability to correct the contracture; and the contracture is interfering or expected to interfere significantly with the patient's functional abilities; and used as a component of a therapy program which includes active stretching of the involved muscles and or tendons?

- 2) Does the patient have Planter Fasciitis?

Name of person answering questions, if other than physician:

Print Name: _____ Title: _____
